

It's fast and easy for your child to receive health care services through the School-based Health Center!

Dear Parent or Guardian:

We are happy to inform you that Intermediate School 220 has a School-based Health Center (SBHC)! The SBHC is staffed by licensed professionals from the Family Health Centers at NYU Langone. By signing the School-Based Health consent forms you are not replacing your child's doctor, but are giving permission for your child to receive medical and/or behavioral health services if needed at the SBHC. Having a health center in your child's school allows for quick and easy access to quality services. We will work in collaboration with your child's primary health provider. Signing this consent **does not** change your insurance plan and does not affect the number of times your child can see their private doctor. If your child is covered by health insurance (Medicaid, Child Health Plus, or a commercial insurance plan) please provide us with the insurance ID number and the name of the insured. We will bill your insurance, but you will not be responsible for any copays.

School-Based Health Center Services include:

- Complete physical examinations
- Medications and prescriptions
- Medical laboratory tests; Immunizations
- Medical care, including treatment for acute and chronic conditions
- Age appropriate reproductive health care
- Mental health services; Health Education and Counseling
- Screening for vision, hearing, asthma, obesity, and other medical conditions
- Screening and referral for health insurance
- Access to care 24 hours/day, 7 days/week

In order for your child to receive health services, a parent or legal guardian must **read, complete, sign and return** the enclosed forms to the School-Based Health Center located in **Room 113 & 115**.

😊 **NYC DOE School Parental Consent Form**

😊 **Medical History Form**

😊 **HIPAA Acknowledgement Form**

Please sign these forms and have your child return them directly to his/her teacher or to the School-Based Health Center located in **Room 113 & 115**. We look forward to meeting you and providing health services for your child. Please visit us at the School-Based Health Center or call us **718-431-2466** for more information.

Sincerely,

Intermediate School 220 & NYU Langone SBHC Staff
